*Takes note* of the observations contained in the report of the *Ad Hoc* Committee on the Improvement of the Methods of Work of the General Assembly and approves the recommendations submitted by the Committee, in particular those which provide that:

(b) All the Main Committees, except the First Committee, should begin their work not later than two working days after they have received the list of agenda items referred to them by the General Assembly;

(c) The First Committee should meet as soon as possible to organize its work, determine the order of discussion of the items allocated to it and start the systematic consideration of its agenda; at the beginning of the session, such meetings might be held when there is an interruption in the general debate; later, plenary meetings might be held during one part of the day, the other part being reserved for the First Committee, thus enabling the Committee to proceed with its regular work as soon as possible after the opening of the session;
