PROTOCOL¹ CONCERNING THE TRADE BETWEEN IRELAND AND THE PEOPLE'S REPUBLIC OF BULGARIA IN 1972

In compliance with Article IV of the Trade Agreement between the People's Republic of Bulgaria and Ireland dated 23 April, 1970,² representatives of both Governments met in Dublin between 16 and 19 November, 1971, to examine the progress made in the development of mutual trade and the level of that trade, and to consider what measures it might be necessary to take for the year 1972. During the talks, it was agreed that the Irish and the Bulgarian Governments have established favourable conditions for the further successful development of trade between the two countries. These conditions however are not yet fully utilized.

Accordingly, the two Parties agreed as follows:

1. To assist the respective foreign trade organizations and companies to expand their efforts for the development of trade relations and the increase of trade, both as regards the volume and the variety of goods, between Ireland and the People's Republic of Bulgaria.

2. The Government of the People's Republic of Bulgaria shall encourage the import into Bulgaria from Ireland of the goods listed in Schedule "B" to this Protocol. The Government of Ireland shall have regard to the interest of the Government of the People's Republic of Bulgaria in exporting to Ireland the goods listed in Schedule "A" to this Protocol. Trade between the two countries shall not be confined to trade in the goods specifically mentioned in the Schedules.

3. To encourage their respective foreign trade organisations and companies, for their mutual benefit, to engage in trade direct between the two countries.

4. The present Protocol shall come into force on the date of signature and shall remain in force until the 31 December, 1972.

DONE in Dublin on 19 November, 1971, in duplicate in the English language.
